Gexpro® Services

Powerful Supply Chain Solutions

AEROSPACE & DEFENSE

Our Aerospace and Defense vertical specializes in the support of production and aftermarket service of land system vehicles, radar and communication systems, marine subsystems, aircraft and land system engines, single prop planes, and both commercial and military aircraft. From technical product support to regulatory compliance management programs, our inventory solutions provide our customers with tailored programs that drive efficiency and increase profitability.

As a trusted AS9100D certified aerospace distributor, Gexpro Services has the supply chain, scalability, resource depth, and flexibility to accommodate your requirements and maximize your production efficiency. At Gexpro Services, we are also committed to being the most trusted and best service provider to the defense industry. We have extensive experience in meeting complex defense requirements such as handling ITAR, DFARS, CDI and CUI controlled products.
