Gexpro® Services

Powerful Supply Chain Solutions

SOLAR POWER & ENERGY STORAGE

Gexpro Services provides critical B and C Class components supporting Solar and Energy Storage markets. Our broad array of products offered include made-to-print fabrications, high strength hardware, electrical assemblies, specially coated fasteners, consumables, shipping fixtures, and more. We specialize in holistic sourcing practices to evaluate best cost country sourcing and quality at the highest standards. We have a diverse base of qualified manufacturers around the globe, in addition to in-house fabrication and machining capabilities, to support Mechanical, Electrical, and C-Class demands from OEM and O&M customers. We pair our broad product offering with customized supply chain management programs including services such as: Vendor Managed Inventory, Customized Kitting, APQP, Supplier- and Part Qualification, Value Engineering, and Just-in-Time Point of Use delivery.

SERVICES OFFERED:

- Highly Skilled Program Management Teams
- Total Cost of Ownership Reduction
- Proven Quality Management System
- Weigh Scale and RFID Technology
- Value Engineering
- Customized Kitting Services
- Vendor Managed Inventory (VMI)
- Replenishment Technology
