OUR SERVICES

Gexpro Services is a world-class global supply chain service provider who supports original equipment manufacturers and service companies with their material requirements.

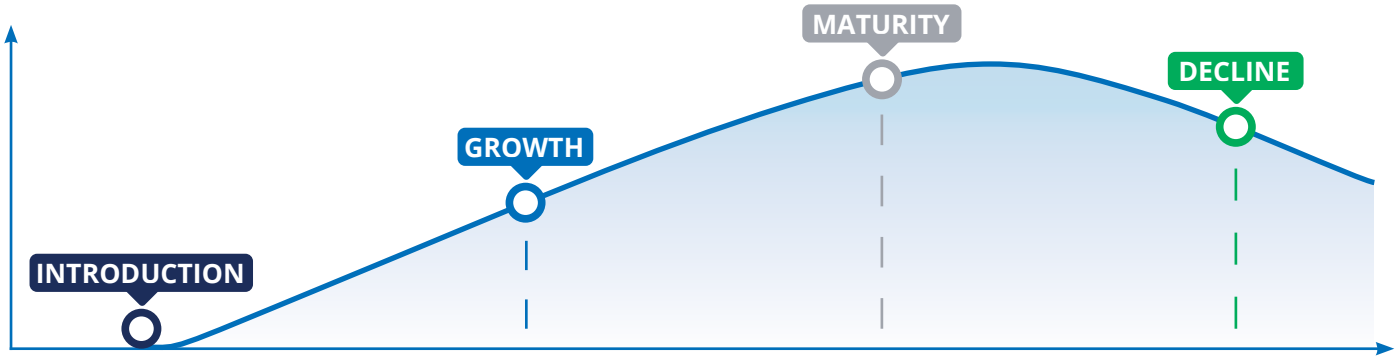

As a **critical-link** between OEMs and the fragmented supply chain we have helped many companies streamline their quality, sourcing, procurement, inventory & logistics management processes, allowing them to **focus on strategic initiatives and positively impact their bottom line.**

HOW WE SERVE OUR CUSTOMERS?

Serving the OEM Product Life Cycle

- NPI Support
- Value Engineering
- Qualification Support
- Training

- Vendor Consolidation
- VMI & Kitting
- Technology
- Fulfillment

- Cost Deflation
- Inventory Reduction
- Consignment
- Consolidated Invoicing
- Global Expansion

- Aftermarket Support
- End of Life Buys
- Obsolescence Management

Coupled with Manufacturing Efficiency & Uptime Opportunities

Program Management

- SKU management
- Reporting
- Scorecards
- Supplier portal

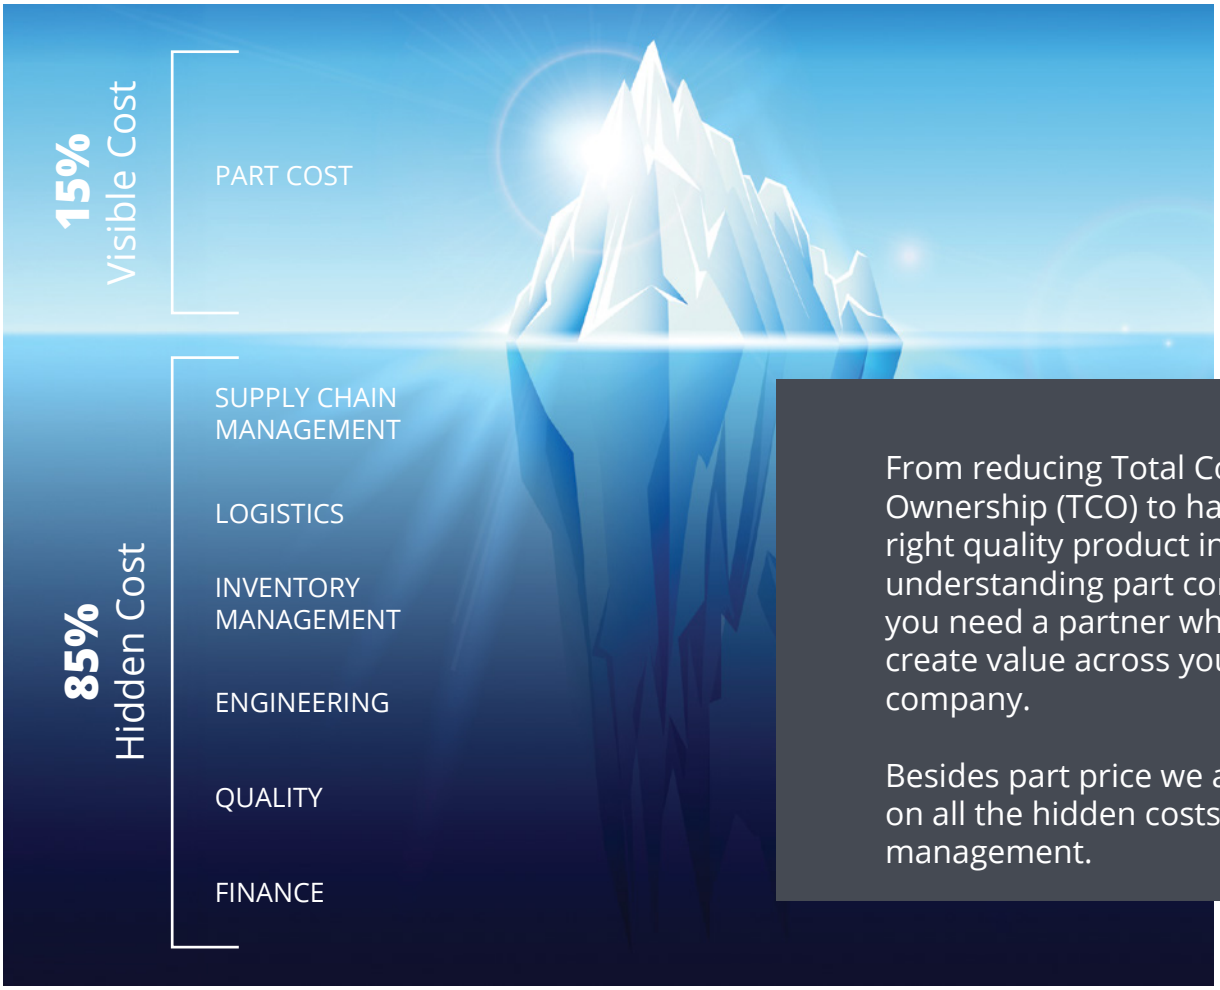

Lean Principles

- Facility space optimization
- Cycle/lead time reduction
- POU / material flow
- Process productivity

Integrated Technology

- Barcode scanning
- Warehouse management system
- QC Inspection
- Smart bins
- Real Time data analytics
- Electronic data interchange (EDI)

TOTAL COST OF OWNERSHIP

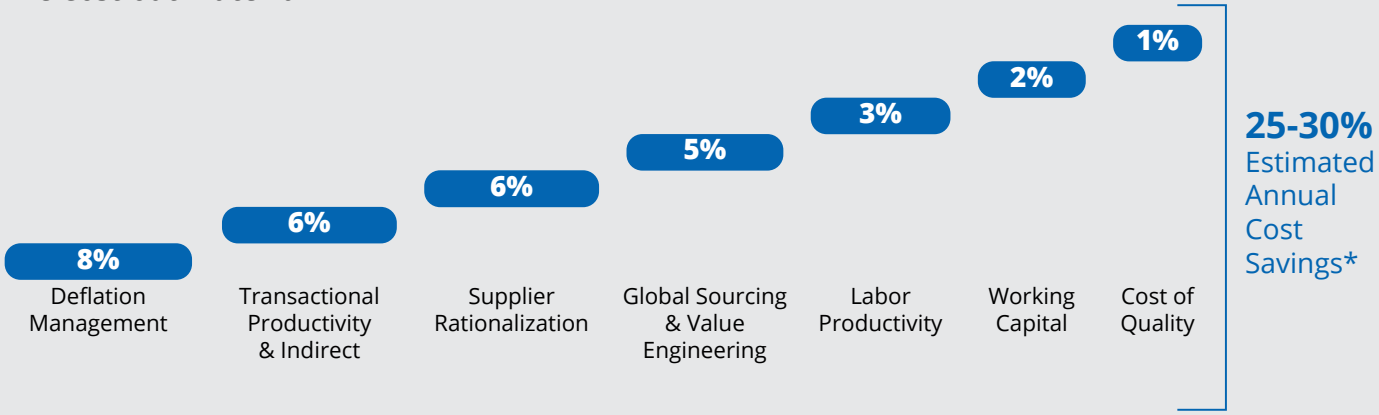

From reducing Total Cost of Ownership (TCO) to having the right quality product in stock to understanding part consumption, you need a partner who can create value across your entire company.

Besides part price we also focus on all the hidden costs of parts management.

By measuring the true costs of your supply chain, **TCO** allows you to make better business decisions. This will help you better understand the impact of implementing a system on the cost structure of your business. TCO provides a financial framework to effectively analyze your Supply Chain. It makes it possible to better compare the solutions presented by different suppliers by showing a much more realistic view of all the costs and **cost saving opportunities.**

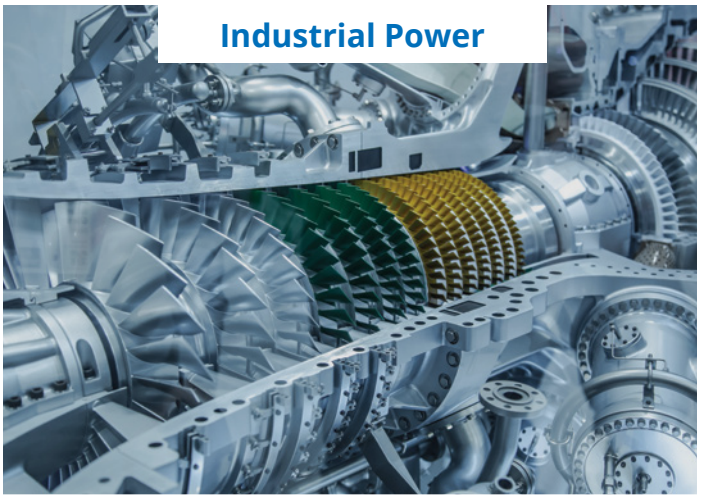

The Cost-out Waterfall

*Customer testimonial estimated annual savings by category after partnering with Gexpro Services

FASTENERS / HARDWARE / CUSTOM MADE FABRICATIONS

Our primary focus is on finding the most suitable supplier base for each scope of work, from scopes with hundreds of different catalog items to the most challenging fabricated requests. Please find below some examples of our fastener portfolio:

- **Bolts** - anchor, carriage, flange, hex, lag, shoulder, structural & tap
- **Screws** - hex cap, drywall, machine, self-drilling, tapping, socket, thread cutting & forming
- **Nuts** - flange, hex, jam, lock, square, structural, weld & blind
- **Washers** - flat, lock, beveled, conical, sealing, structural, wave & square
- **Other** - inserts, pins, rivets, spacers & standoffs, PEM
- **With special coatings** - zinc (HDG and electro-zinc), nickel, zinc-nickel, tin, silver, gold, copper, zinc-flake, anodizing, KTL , powder paint, PVD, Magni®, Dörken - MKS®, Nylite®

Custom made fabrications: Gexpro Services has years of experience in providing precision, tight tolerance sheet metal and CNC manufactured items and structural components in a wide assortment of materials. Some product group examples for your reference:

- **Sheet metal work** - cutting, bending, welding
- **Machining** - turning, milling, grinding, drilling etc.
- **Welding**
- **Assembly**
- **Injection molding**
- **Casting**
- **Secondary operations** - deburring, surface treatment, hardening
